FIREMED PARTICIPATING COVERAGE AREAS

FIREMED is an inter-agency reciprocal ambulance billing agreement. This means that a number of ambulance service agencies throughout Oregon have agreed to provide benefits to members who are covered by any of the participating agencies. This is very helpful if you travel within Oregon.

If you are a member of FIREMED through Turner Fire District and require ambulance service while out of the District, please don't delay in getting the care you need. We can help you with any claims questions when you get home.

As always, our first concern is your safety and care.

Membership is open to any one living within the FireMed service area.
